

**LA HABRA CITY SCHOOL DISTRICT  
GOVERNING BOARD MEMBER, SHORT TERM**

**SHARON H. BROWN**

**OCCUPATION:** Teacher, Program Specialist, Parent

We all know that California is going through difficult economic times. Financial resources are limited and priorities must be established. I believe public education is the cornerstone of our democracy and that our schools must be allotted adequate resources to ensure every child can achieve his/her maximum potential as a productive citizen. As a school board member, I will strongly advocate for these resources.

As a teacher and program specialist, for over 30 years, I recognize the importance of a partnership in educating students. Relationships must be developed between teachers and parents to encourage support for learning at home as well as in school. This includes making all parents feel welcome in our schools. Teachers must be supported by administrators and parents in using their skills and expertise to educate children.

I will work to keep the district focused on learning and achievement for all students. I will also help build and strengthen relationships with other community based organizations such as seniors' groups and service groups, to provide support for our students both in the classroom and in after-school programs. Thank you, and I appreciate your vote.
